Jay Stone

Via E-Mail

Dear Mr. Stone:

This letter is in reply to your Freedom of Information Act (FOIA) request seeking the following information:

Langdon Neal listed his name and his Neal and Leroy law firm as a Chicago Park District lobbyist in his Chicago Board of Ethics lobbying reports. Also, the Neal and Leroy law firm claims the company worked on the Soldier Field renovation and Millennium Park. Hence, I am resubmitting my request for the vouchers that the Chicago Park District paid to the Neal and Leroy law firm.

RESPONSE: The Chicago Park District responds that a payment to Neal, Murdock and Leroy for \$580 was made on 8/31/00.

Regarding Millennium Park, the Park District does not have any documents responsive per your request. The Park District does not own or oversee the operation of Millennium Park, and is a separate entity independent of the City of Chicago. I would recommend you direct your request regarding Millennium Park to the City of Chicago.

If you have any questions regarding this response, please feel free to contact me.
